

## Can't Get Away

Turnstile

Every time I slow down  
Fear comes moving in again  
Knocking on my door  
Looking for a way to keep me off the floor

I can't get away from myself  
Can't get away from myself  
I'm gone

Still got a lot [?]  
Cause I can't find any joy in the places  
As long as I'm alone

I can't get away from myself  
Can't get away from myself  
My freedom gone

Never gonna [?]  
Never gonna break  
Never gonna be free  
Can't get away

Running since the day I've lost control  
Never gonna find me anymore  
Running since the day I've lost control  
Never gonna find me anymore  
Running since the day I've lost control  
Never gonna find me anymore  
Running since the day I've lost control  
Never gonna find me anymore

Running since the day I've lost control  
Never gonna find me anymore
