

DREAMING

Turnstile

When I get to dreaming, then I know
When I get to dreaming, then I know
Everything I fear is so real
When I get to dreaming, then I know

You're fading away
A beautiful dream
The colors at play
All falling out of place

When I get to dreaming, then I know
When I get to dreaming, then I know
Everything I feel is surreal
When I get to dreaming, then I know

You're fading away
A beautiful dream
The colors at play
All falling out of place

Falling out of place
Falling out of place
Falling out of place

Falling out of place
