

## Fazed Out

Turnstile

I'm bound for the floor  
Shut out, like I've been before  
I can't suffocate it  
No move to play  
Waiting for a sign to swing my way  
Because you got me fazed out

And I can't make the bitterness last  
Because I've used your moves on people in my past  
I know I've gotta claim this pain  
Waiting for a sign to swing my way because

Fazed out
