

Generator

Turnstile

I'm hanging on to what I got left
Picking up all the pieces in the dark
And sound is gone
Without me, you'll be moving along just fine

Don't waste my time

Don't waste my time
With all your lines
Just leave me far
Behind

I'm hanging on, but I alienate
Dancing with my pain now in the dark
From right to left
Watching my world disconnect

Don't waste my time

Don't waste my time
With all your lines
Just leave me far
Behind

And now I gotta make my own way
God I'm in my own way
Gotta make my own way
Got to make it right before I'm done

Generator by my side
Push me thru the darkest times
You know I tried
Know I tried

Generator by my side
Push me thru the darkest times
