

## Move Thru Me

### Turnstile

It's about time you break me in  
And push me into the deep end.  
Been walking the fence of emotion.  
I need that super-motion.  
Keep me from falling asleep;  
A body that's stupid and weak.  
Don't need that safe and sound,  
Just flip my world. Let me feel it all go down.

Move thru me.  
Be everything I see.  
Move thru me.  
Make my head ring.

It's about time you fix my head  
Or let me go in pieces.  
Been walking the fence of emotion,  
I need that super-motion.  
Just keep me, keep me  
Keep me from falling asleep.  
Giving me mind, giving me time,  
Pushing out the walls from the inside.

Move thru me.  
Be what I bleed.  
Move thru me.  
Make my head ring.

Make my head ring.
