

# SOLE

Turnstile

Tapped out and tearing at the seams  
Dragged on the feelings in between  
Pulling on the people that you know  
A lesson to be learned in letting go

Sole  
Sole  
Sole  
Steady as you float  
You're better off alone

Bright lights are never what they seem  
So high, there's nowhere left to lean  
When everything is out of your control  
A lesson to be learned in letting go

Sole  
Sole  
Sole  
Steady as you float  
You're better off alone

Sole  
Sole  
Steady as you float  
You're better off alone

You're better off alone

You're better off alone  
Better off alone  
Better off
