

## Back 4 More

Tuxedo

I'm back for more oh  
You've got a certain something I'm looking for  
I'm back for more oh  
You've got that j'nais sais quoi baby I can't ignore

Warm night, cold sheets  
Wheels still turning fast  
So tired can't sleep  
'Cause you're running through my memory  
Baby

Ooh I tried to quit for a minute  
But it didn't change my mood  
Ooh I'm running back to your lovin'  
Because nothing feels this good

I'm back for more oh  
You've got a certain something I'm looking for  
I'm back for more oh  
You've got that j'nais sais quoi baby I can't ignore

I'm back for more oh  
You've got a certain something I'm looking for  
I'm back for more oh  
You've got that j'nais sais quoi baby I can't ignore

Outside up tight  
Moving through the city lights  
Drinks at the Capri  
Don't feel right without you next to me  
Baby

Ooh I tried to quit for a minute  
But it didn't change my mood  
Ooh I'm running back to your lovin'  
Because nothing feels this good

I'm back for more oh  
You've got a certain something I'm looking for  
I'm back for more oh  
You've got that j'nais sais quoi baby I can't ignore

I'm back for more oh  
You've got a certain something I'm looking for  
I'm back for more oh  
You've got that j'nais sais quoi baby I can't ignore
