

Doin' My Best

Tuxedo

I'm just doing my best for you, baby
I can't be nobody else, I can only be myself
Just doing my best for your loving
I can't be no one but me, baby can't you see?
I'm just doing my best

Whoa-oh-oh-oh-oh
I'm just doing my best, baby
Whoa-oh-oh-oh-oh
I'm just doing my best, baby

Ooh, baby, there's no doubt about it
I won't ever be your perfect fantasy, but
You've got my love and you can count it
You will always get the very best of me, now
Just a part of me you knew when we began
(Ooh, way back when we began)
Nothing you can do, love me for who I am
(Ooh, I'm doing the best I can)

I'm just doing my best for you, baby
I can't be nobody else, I can only be myself
Just doing my best for your loving
I can't be no one but me, baby can't you see?
I'm just doing my best for you, baby
I can't be nobody else, I can only be myself
Just doing my best for your loving
I can't be no one but me, baby can't you see?

Wanna be everything you need
(Everything you need)
As long as love's a two-way street
(You'll get the best of me)
Giving you everything I've got
But I can't be something I'm not
(There's some things you can't change)
But we gon' make it just the same

I'm just doing my best for you, baby
I can't be nobody else, I can only be myself
Just doing my best for your loving
I can't be no one but me, baby can't you see?
I'm just doing my best for you, baby
I can't be nobody else, I can only be myself
Just doing my best for your loving
I can't be no one but me, baby can't you see?

Whoa-oh-oh-oh-oh
I'm just doing my best, baby
Whoa-oh-oh-oh-oh
I'm just doing my best, baby
