

Shy

Tuxedo

See you in the corner of the club
Sitting by yourself
I know that you got a secret love
That you don't show no one else

Girl don't be so shy
I know you wanna dance
Come on take a chance
That look in your eye
I've seen that look before
Get out on the floor

Nasty girl
Don't be shy
Show the world
Let your freak flag fly
Nasty girl
Don't hold back
Sound like Tuxedo
Upstairs with Zapp

Girl don't be so shy
I know you wanna dance
Come take a chance
That look in your eye
I've seen that look before
Get out on the floor

You a nasty girl
So you say you're shy yeah right
You ain't foolin me
Girl move it till your backbone slips
For the world to see

Girl don't be so shy
I know you wanna dance
Come on take a chance
That look in your eye
I've seen that look before
Get out on the floor
