

## We Made It

Tuxedo

Ooh, baby  
Uh, this time, I think we made it  
Let's celebrate now because  
Ooh, baby  
Uh, this time, I think we made it  
You and me

Long time ago  
We were rolling down that bumpy road  
You never gave up on me, baby  
Now we're bringing home that diamond ring

Well we took a couple L's along the way  
All the love we found  
Through the ups and downs  
And we're here to stay

Ooh, baby  
Uh, this time, I think we made it  
Let's celebrate now because  
Ooh, baby  
Uh, this time, I think we made it  
You and me

Love's fantasy  
Strolling through the vines of Tuscany  
We used to sit up in the balcony, baby  
Now we're touching wood at MSG

Well we took a couple L's along the way  
All the love we found  
Through the ups and downs  
And we're here to stay

Ooh, baby  
Uh, this time, I think we made it  
Let's celebrate now because  
Ooh, baby  
Uh, this time, I think we made it  
You and me
