

Butterflies

TV Girl

On the day you met me
You said I could love you if you let me
Then you touched my cheek
Then you said, "How easy you forget me"
Baby, baby, why would you lie to me?
Even the setting sun's changed
Here's the sea
Only butterflies are free

Velvet morning when our love was slowly falling
You said it wouldn't hurt you if I left without a warning
Baby, baby, why would you lie to me?
Even the flying birds caged by the bee
Only butterflies are free

Bring that beat back, bring the beat back
Y'all wanna hear that beat right
Yeah, yeah, yeah, yeah
Ooh, yeah, yeah, yeah, yeah
Yeah, yeah, yeah
Ooh, yeah, yeah, yeah, yeah
