

If You Want It

TV Girl

Hello, It's Me
Hello, It's Me
Hello, It's Me
Hello, It's Me

You wander into the bedroom
You're drunk, we've done this before
You stumble over like 3 seconds later
And kick your boots on to the floor
I can hardly see your eyes
You forgot to put your hair up
I can see you've learned some tricks
From those boys over in Europe
But still, it kinda makes me glad
To see how quick we fall into those old rhythms and patterns

If you want it, you got it
You only want it when you're drunk
My friends say you're obnoxious
You're not so bad when we're alone

Morning comes
I know how the next part goes
One last dance
Then you delete me off your phone
In the hallway
Your eyes stay on the ground
Doesn't bother me because when the weekend rolls around

You'll want it, and you'll get it
You only want it when your friends have all been bedded
You'll be outside smoking on the porch
"Come in", I'll say, "I'll give you shelter from the storm"
