

Break Lights

TVORCHI

I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby
I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby

Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby
Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby

Ooh, baby
Ooh, baby

Are you keepin' something?
Are you feelin' nothing?
Can I break your heart tonight, tonight?
Got you feelin' right tonight
Your heart's shinin' bright tonight
No one can bring us down tonight, tonight

I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby
I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby

Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby
Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby

Ooh, baby
Yeah, yeah, baby

Is it bad that I want to?
Is it right that I want to
Hold you tight till I can't no more?
Is it bad that I trust you?
Is it right that I want to
Treat you right till I can't no more?

I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby
I just wanna dance with you
We can have fun for two
Dancin' with our clothes off and we're
Walkin' with our shoes off, baby

Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby
Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby

Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby
Is it right, we never fight, out of fright, brake lights
Let me know, are we too fast? Wait up, ooh, baby
