

Dive

TVORCHI

Wanna run away
With you by my side
Not another day
I need your love in my life

Let me dive into your ocean, whoa
Baby, let me dive into your ocean, yeah
I took a sip from your potion, whoa
Let me dive into your ocean, yeah

My love is a promise, yeah
You knew that from the first time you saw me, whoa
When you put it on me, on me
Tellin' me that I'm your one and only, only

Baby girl, it's not too late
I'm tryin' hard to stay awake
Baby girl, it's not too late
I see the way you're actin' fake
Baby girl, it's not too late
I'm tryin' hard to stay awake
Baby girl, it's not too late (it's not too late)

Let me dive into your ocean, yeah
Baby, let me dive into your ocean, whoa
I took a sip from your potion, yeah
Baby, let me dive into your ocean, whoa

Our love is on the line
So why are we wasting time?
Was hoping you'd set me free
So why won't you let me be?
You got my heart on the run
Been dyin' to see the sun
I'm hoping we don't get burned, we don't get burned

Let me dive into your ocean, yeah
Baby, let me dive into your ocean, yeah
I took a sip from your potion, whoa
Let me dive into your ocean, your ocean

Let me dive into your ocean, yeah
Baby, let me dive into your ocean, yeah
I took a sip from your potion, whoa
Let me dive into your ocean, oh

Ocean
Let me dive, let me dive
Into your ocean, ocean, ocean
Let me dive, dive into your ocean
Ocean
Ocean, yeah
Let me dive, let me dive, let me dive, let me dive
Into your ocean, ocean, whoa
