

Feeling OK

TVORCHI

All I wanna do is hold ya
What I gotta do to get closer?
Just give me a sign when it's over

'Cause I just wanna get to know you, ay
And I'm just tryna get to show you
That I'm ready to go
Wherever you go, wherever you go

I just wanna love you
Baby, baby
Call if you need someone to fuck with
Baby

Are you feeling okay?
Are you feeling okay?

Looks like what I'm feeling
Isn't what you feeling
Better pick myself up
Baby, 'cause I'm falling
And when the time comes
Will you answer?
Remember times when
We would dance up
Until midnight

Tell me, why do we act like strangers?

I just wanna love you
Baby, baby
Call if you need someone to hang with
Baby

(One more time)
Are you feeling okay?
Are you feeling okay?
