I want you to give me that summer love
Chest out buns out in the sun
Gazing at the stars till it's lights out
Cause all we wanna do is have some fun

Doing all the things that we like
Take you dancing under the lights
Reminiscing bout all the times
I just wanna be the one you like
Touch me like you'd never let me go
I don't wanna forget tonight
You can see it all in my eyes

Kiss your head when you're feeling down
Hold you tight never letting go
You make me feel young again
Take my breath away my oxygen

I want you to stay for another day
You take my mind to a better place
Fall in love with you all over again
That's how you make me feel

I want you to give me that summer love
Chest out buns out in the sun
Gazing at the stars till its lights out
Cause all we wanna do is have some fun

Doing all the things that we like
Take you dancing under the lights
Reminiscing bout all the times
I just wanna be the one you like
Touch me like you'd never let me go
I don't wanna forget tonight
You can see it all in my eyes

I believe its true
That I could make you mine
Feel alive just with you
I can see it all

Why do you make it so hard
Your love is all I want
I wont make it too far
If you don't love me now
