

Sensually, sensual, sensual

I got a feeling that I won't be leaving alone, tonight  
Sexual healing  
Give me something I won't forget for life  
You look much better  
Without your clothes on  
You can take it if you want it  
Just leave the lights on  
I can make you feel better  
If you're gonna let me

Sensual  
Can't explain the feeling 'til you feel it  
Sensual  
I don't take if I can't give it  
Sensual  
Words can't tell you if I mean it  
Sensual  
And I get it if you need it

Body magic, you can have it  
No more sadness, there's love in the air  
Sex with the madness  
Just let it happen  
Bodies in motion  
Write songs in your bed

Sensual (I can make you feel better)  
Can't explain the feeling 'til you feel it  
Sensual (sensual)  
I don't take if I can't give it  
Sensual (sensually, sensual, sensual)  
Words can't tell you if I mean it (if I mean it)  
Sensual (sensually, sensual, sensual)  
And I get it if you need it

We can be reckless  
Forget responsibilities tonight (hmm, tonight)  
You could see better if you would just open your mind (open up your mind)  
I want us both to be happy  
I think about you, you should think about me (you should think about me)  
And I'm ready for whatever happens (happens)  
And I'm ready  
And I'm ready

Sensual  
Can't explain the feeling 'til you feel it  
Sensual (sensually, sensual, sensual)  
I don't take if I can't give it (if I can give it)  
Sensual (sensually, sensual, sensual)  
Words can't tell you if I mean it (if I mean it)  
Sensual (sensually, sensual)  
I can't give it if you need it
