Who are you? heart omitted
Following the one on the right
The result of suspended thought
Continued surveillance, run down for some reason
The spread of clones to swiftly destroy non-conformers

If you wanna go if you wanna show
If you wanna know if you wanna grow for your mind
Everything from love, from dreams
From enemies, from yourself, all delete

Let's break it through we can do, by no means afraid
Challenging freedom, wishing for light
Naked truth naked soul, shining out
Oh ah ah oh oh ah ah oh
Never give it up oh my life, risking it for love
Injuries, poison, taking all
Words, swords, repelling all
Oh ah ah oh oh ah ah oh

And 10 years after, in a dominated world
Where things like passion don't exist anymore
Abusive royalty, lonely even with victory
Is that alright? it's not too late

If you wanna go if you wanna show
If you wanna know if you wanna grow for your mind
Anxiety, recklessness
No matter the reason or time, fighting chance

Let's break it through we can do, by no means afraid
Challenging freedom, with a hot body
Naked truth naked soul, shining out
Oh ah ah oh oh ah ah oh
Never give it up oh my life, risking it for love
Injuries, poison, taking all
Words, swords, repelling all
Oh ah ah oh oh ah ah oh

Just believe in yourself
Without depression or punishment
And a road will be there, get down down
In order to reach
The next destination in mind
I'm already prepared, get down down
I'm a human being, not an A-N-D-R-O-I-D

Let's break it through we can do, by no means afraid
Challenging freedom, wishing for light
Naked truth naked soul, shining out
Oh ah ah oh oh ah ah oh
Never give it up oh my life, risking it for love
Injuries, poison, taking all
Words, swords, repelling all
Oh ah ah oh oh ah ah oh

Let's break it through we can do, by no means afraid
