Catch me girl
Catch me now

(Catch me if you wanna)
(Catch me if you wanna)
(Catch me if you wanna)

You've never opened your heart to me
Not even once
I feel like I'm looking at a wall
You know that?

You're next to me but I'm even lonelier
Tonight tonight tonight
I waited for you but this just isn't it
So now I'm leaving you

This fool can't even tell me not to go
Why did I only look at this fool, at pitiful you?

Baby catch me catch me catch me girl tonight
Before I leave
(I'm serious, I'm serious)
If only you held onto me, stopped me, cried, hit me
And told me the reason
(I'm serious I'm serious)

Oh, I don't know if I've been
Deep inside your heart or not
That's what I'm curious about
Before I get too tired, tell me, tell me, answer me

Time will tie you to that spot right there
Don't let me go
You'll regret it
Stop being so foolish

This fool can't even tell me not to go
Why did I only look at this fool, at pitiful you?

For a while, I felt like I was filled with you
I remember those happy memories
Don't forget that there isn't anyone, no

To wait for you like I have
Yeah

I want you to beg for me so I'll wait for you
Tell me, "Don't ever leave me"
You're too slow but I'm only looking at you
Till you make up your mind, why?

I want you to beg for me so I'll wait for you
Tell me, "Don't ever leave me"
Fool, why did I love you?
I only have you, why?

This fool can't even tell me not to go
Why did I only look at this fool, at pitiful you?

Baby catch me catch me catch me girl tonight
Before I leave
(I'm serious, I'm serious)
If only you held onto me, stopped me, cried, hit me
And told me the reason
