Hey! let me tell you

Stop right there and listen
I have something to say
Anyone can figure it out
You know this too
Don't misunderstand, I don't say this to just anyone
No, I can't even look at you straight in the eye

Under the flashing lights (she she)
Her silhouette reflects
The sound of the her sharp high heels
Pierce my hot heart
She hypnotizes me with her hands
As she brushes back her tangled hair
Now I really

I can't take it anymore, I want you
Double trouble, more and more
Double trouble oh no no no
Don't say no, now
Double trouble, give me a chance
Is this the love?
Trouble, shout

The colder you treat me
The more anxious I get (driving me crazy)
You move me with just your eyes
As if you're teasing me (baby)
I can't hide it anymore
I want to hug you tightly
Oh say my name with those lips

As if I'm dreaming (sexy)
I go as close as I want
This moment you gave me
My hidden fantasy comes to life
I can't get tired
You keep making me like me, are you listening?
Now I really

I can't take it anymore, look at me
Double trouble, more and more
Double trouble oh yeah yeah yeah
I can live for just you alone, are you ready?
Double trouble, come to me
Is this the love?

The closer I get, the redder I get
You're beautiful I'm addicted to the thorny rose's poison
(I can't go back

Your eyes swallowed me up, my precious)
Baby, you make me be in pain
Yes, you do, babe

Now I really

I can't take it anymore, look at me
Double trouble, more and more
Double trouble oh yeah yeah yeah
I can live for just you alone, are you ready?
Double trouble, come to me
Is this the love?

Watch me, come on
