So say you want me 'cause I'm down

Oh

This thing called love
Has been pretty cruel to me, oh
Pain digs down deeper
Alone on this night I'm craving for you
Heavy feelings piling up
Tonight I want you
More desperately
My longing fills up
With burning thirst
Tonight I'm sinking down endlessly

My body and mind swallowed up by
This name etched in thick strokes
Inked deep into my heart
Heaven captivates me

So say you want me 'cause I'm down
(Down, down, down)
So say you want me 'cause I'm down
(Down, down, down)

Love caught in the potion
Swallowed at once
Drown in emotion, baby
My one and only night
To burn down all reason
To run out of breath
Seize my everything
The last split-second
When you breathe into me
Gives such shivering ecstasy

So can I touch you slowly?
Want you for eternity
My only salvation
Heaven calls my name

So say you want me 'cause I'm down
(Down, down, down)
So say you want me 'cause I'm down
(Down, down, down)

Don't wanna live with just a memory
At the end of mad yearning
Lie down next to you
So what am I to do?
Swept away by your beautiful hands and glance
Accept me, let me in
My sweet downfall, you've bewitched me
My one and only heaven

So say you want me 'cause I'm down
(Down, down, down)
Yeah, yeah, yeah-eh, yeah (Down, down, down)
So say you want me 'cause I'm down
Can't you hear me? (Ooh)
(Down, down, down)
So say it 'cause I'm down, yeah
So say you want me 'cause I'm down
