Drop it low
The future is still covered by a veil
Can't see it yet

We live in violent times, this generation has
Withered but it has been passed down to us
The result of closing our eyes
Shutting our mouths and throwing away our courage at evil
Just as you're seeing
Just as you predicted
Things have been destroyed on this land
So we must start again slowly

I won't look for miracles anymore
Oracles that are written on sand
Just one sigh can destroy everything
It's already broken down, faith shakes

The word justice is only a word from the textbooks
The majority is dancing on the offbeat
When will the truth come again?
When will you look for me?

I can't explain hard this feeling
Feels like I'm floating without gravity
If the bleak future is my inheritance
I'll break it apart and start again

If you're dreaming of a resurrection
If you're looking for chances with a nice mask on, no
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low

The stopped clock will go on its way
Just watch, I'll create a new world
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low

Don't turn away anymore, it's critical
Cuz it'll become a poisonous indulgence
Even the dry land that rejection creates
Even this reality without a single shadow for me to rest under

I won't, can't fight this feeling
Regretting that I had to do that back then
Like a river flowing through a door that was once shut
I'm finding my place

If you're dreaming of a resurrection
If you're looking for chances with a nice mask on, no
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low

The stopped clock will go on its way
Just watch, I'll create a new world
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low

It's a more painful reality
But once you climb over this mountain
You'll reach it some day
Everyone's ocean where you can be happy

It started with candles
Emotion is not controllable, you don't!
Don't stop going towards your future
Don't go on a dangerous path
If you lose this chance
Now it's too hard to handle
My first action to change the future is
My attitude

If you're dreaming of a resurrection
If you're looking for chances with a nice mask on, no
(See your attitude)
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low

The stopped clock will go on its way
Just watch, I'll create a new world
Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low
(Into the grave)

Now stop, drop it low
Please stop, drop it low
Now stop, drop it low
Please stop, drop it low
Now stop
