Hey love, thank you for coming
Your smile is the greatest gift

Though I'm wishing that this moment would last forever
Just like always, it won't be stopped

This is so that another meeting will happen
With this, it's good-bye to this short moment

Until the day when we'll meet again, until that time
Love will always be right here, so...
Now, don't cry, smile
With all our strength, let's wave our hands

Pa-lu-pa-pan
Pa-lu-pa-pan
Pa-lu-pa-pan
Goodbye, be well and see you again sometime ah

You'll remember, right ? how much fun it was

Goodbye, I gotta go as well, this time of
Happiness really came and went in the blink of an eye
The fact that I was here, that I was with you just like this
I won't forget, I won't let it go to waste

Because it will come back again, without fail
Because you see, it's goodbye for a short while only

Until the day when we'll meet again, until that time
Love will always be right here, so...
Now, don't cry, smile
With all our strength, let's wave our hands

Pa-lu-pa-pan
Pa-lu-pa-pan
Pa-lu-pa-pan
Goodbye, be well and see you again sometime

Good-bye for now
Good-bye for now
Goodbye, be well and see you again sometime ah

The scenery before my eyes is blurring little by little
In order not to let the droplets fall, yeah... alright

Aiming high, without looking back, let's go forward this way

Until the day when we'll meet again, until that time
Love will always be right here, so...
Now, don't cry, smile
With all our strength, let's wave our hands

Pa-lu-pa-pan
