I love you

I want to send you these feelings
Oh baby

For some reason, I can't tell you the truth
I can't say it

Even though it's just a feeling
If I say it aloud
Everything might disappear
Wow wow

My arms are open wide
For all of you
To be held
I want to hold you

But for me something is missing
I continue to shake
Because I'm unable
To share my feelings
I love you

Love is destined to move
Oh baby
If you just wait for it
It's bound to get lost

These anxious feelings
Are you aware of them?
What is your heart thinking?

Wow wow
I open my arms
Your innocent beauty
Bring them
Into these arms

I want to hold you whenever
Wherever
To be lighted by your eyes
I will be born again
I love you

In my arms, in my soul
I want to hold you
With a feeling without any lies
I'm full with sorrows from missing you
It does not stop

My arms are open wide
For all of you to be held
I want to hold you
In the end I will not lose you

Or give you to someone else
As I pay close attention
And open my eyes
You're with me right now
I love you
