I can't let you go  
You are the only one in my life

Girl, let me prove that my love is real  
I'll give all my love to you, please trust me

I believe  
I believe that one can fall in love at first sight  
Though I told you that it wasn't possible  
I only hid this thought from you because I was afraid  
That you would look at me as if I was careless and hasty

To tell the truth  
Ever since I met you, I only lived with thoughts of you  
There was only one thing on my mind  
From when I woke up in the morning  
Until when I went to bed at night

I believe in you  
I will send all my feelings for you  
Through the the way I look at you  
Do you know how my heart feels?  
How I want to keep the feelings  
I have for you hidden?  
Even the fearful feelings for when  
You might leave me one day

You

Love is a nervous feeling that flutters your heart  
It is like a breathtaking loneliness

Please keep looking at me with the same eyes  
Always and forever like this

If only  
You could stay close enough to me  
So that my heart can relax  
Just so that I could see you  
I would be very happy

I believe in you  
I will send all my feelings for you  
Through the the way I look at you  
Do you know how my heart feels?  
How I want to keep the feelings  
I have for you hidden?  
Even the fearful feelings for when  
You might leave me one day

You

If I could stay by your side like this  
If, in the end, it is that I don't know anything  
About how much I love you

I believe in you  
I will send all my feelings for you  
Through the the way I look at you  
Do you know how my heart feels?  
How I want to keep the feelings  
I have for you hidden?  
Even the fearful feelings for when  
You might leave me one day

I can't let you go  
You are the only one in my life
