I'm going crazy but you're fine  
Feels like my brain is all twisted  
I feel woozy, it's like a dream  
I can't say it with words, what is this?

You say this every time, you don't understand  
Actually I don't understand either  
What are you worried about? We're different  
Why am I so attracted to you?

I can't explain it  
Everything is abnormal  
Nothing makes sense  
We keep spinning round and round

You you
