When we arrive at that station
You aren't my girlfriend anymore
While walking a bit slow
You search for the words to say
It's alright even if you don't say anything until the end
Looking at that face alone would make me understand
The time always met
The checking of our tickets, is nearing

My every day, you've laughed by my side
Feel far away now I won't be able
To meet you again for a second time

Lovin' you, your hand that I've held onto
Lovin' you, you're slipping away
Lovin' you, the warmth of my hand
Lovin' you, I remember

That feeling I prayed for, that I could protect you
What could it only have pushed away?
Your heart is closing up
And you aren't even aware of it

Oh hard to say, more than anything, I want to see your smile

So far away once more
I wanted to make you smile

Lovin' you, that would continue forever
Lovin' you, I had a dream
Lovin' you, any day, without change
Lovin' you, I was shining

As if I could meet you again tomorrow
Like anytime, I hope you could look back
Before all the things
I've seen with you become memories

Lovin' you, your hand that I've held onto
Lovin' you, you're slipping away
Lovin' you, you are the only one my hand
Lovin' you, is looking for
Lovin' you, it would continue forever
Lovin' you, I had a dream
Lovin' you, any day, without change
Lovin' you, I was shining

Lovin' you, I had a dream
