Every place my feet touch, it feels new
I follow the light as I have you by my side
The landscape loses its color and it becomes dark
We were so good at one point

In the strong wind, there is a deep silence in the car
The only thing we see is our frustrated hearts
On top of this rough road, our journey gets more tiring

We sharpen our knives and start to hurt each other now

The air is broken into two pieces
You're breathing in different air
The scent is broken into two pieces
Two pieces
The eyes are broken into two pieces
You're dreaming a different dream
We are broken into two pieces

In the short film of our memories
Feelings that made us laugh and cry dried up, nothing remains
Can't we even smile now? You're so difficult
It would be better if you were a stranger

In the strong wind, there is a deep silence in the car
The only thing we see is our frustrated hearts
On top of this rough road, our journey gets more tiring
We sharpen our knives and start to hurt each other now

The air is broken into two pieces
You're breathing in different air
The scent is broken into two pieces
Two pieces
The eyes are broken into two pieces
You're dreaming a different dream
We are broken into two pieces
Two pieces

The hot engine, the hot and impatient us
Now I regret it
Two cold hearts are breathing out
And cutting each other out as well

In the strong wind, there is a tiny trembling
The only thing I see ahead is you
On top of this rough road, we both feel the ground shaking
We're not there yet, even if we're off-road

Even if the road is far, we can't go back
Even if you dream a different dream, stay by my side
If one person doesn't get off first
We're not there yet, even if we're off-road

The air is broken into two pieces
You're breathing in different air
The scent is broken into two pieces
