Yeah.. That's right. How speechless you are
When you got the answers
Follow the Demon's rule

20 the 1st small new side. It is really meaningless
How I take it right

Where do the
Countless stars travel to?
If we go to the road that attracts the phantom
Would we reach the end of the earth?
I would ask again where this place is
But it is not important
After leaving the little girl
I've come to the realization

In the middle of the endless darkness
You come to find me
The moment you try to catch me I move again
This presence I tried to hide
Reveals itself little by little

Life is a repetition
That just slowly runs in its course anyway
Because I'm so used to loneliness

It's okay if it continues like this
In one moment it bursts into flames
And such dreams disappears, forgotten
Oh, because I don't wanna cry
I began to want more in life

In the middle of the endless darkness
Comes a melody
I have no fear, even if you push against me
With two hands spread out
It's about the time to take me high
So I can be much more stronger

One moment passes by
If the light makes me open my eyes
I go to a place in the world that only I know
Because I know dawn will come, even if the night is dark

Yeah.. That's right. How speechless you are
When you got the answers
Follow the Demon's rule
