000 rumor 000 rumor

When you decided to live only for me  
Don't say things you don't mean, why are you avoiding me?  
Don't ask about the rumors floating around  
Upon hearing them, I just laugh  
How can you do this just by others words?

Strike one, whoever I meet  
Strike two, wherever I go, whatever I do  
Strike three, whatever I get into, just listen to me  
All the falsely put together truths  
Are bloated lies

I'm thirsty for your heaven-like love  
Look into my two eyes and trust me, don't say goodbye  
Your words are rumors (too much)  
Rumors about me (when I only have you)  
The interesting rumor (please forget them)  
The made-up rumor

I will never change when I have you, who is so fragrant  
But you are nervous, regardless of what I say  
Don't be swayed by other people's views  
It's always you for me

Step one, put your hand on my heart  
Step two, softly lock eyes with me  
Step three, close your ears for a moment and feel the truth  
They are just sounds of jealousy  
Besides you, no one can come  
And open my heart

I'm thirsty for your heaven-like love  
Look into my two eyes and trust me, don't say goodbye  
Your words are rumors (too much)  
Rumors about me (when I only have you)  
The interesting rumor (please forget them)  
The made-up rumor

Don't put that difficult expression on your face  
My heart will hurt and be in danger  
I will put on a smile on your face

In this hotly beating heart, in this heart  
The overflowing passion, the passion makes the love  
But at some point it started to fade  
Do you know my heart toward you?  
Please fold up all the littlest doubts, please come back to me  
Will you accept me now?

I'm thirsty for your heaven-like love  
Look into my two eyes and trust me, don't say goodbye  
Your words are rumors (too much)  
Rumors about me (when I only have you)  
The interesting rumor (please forget them)  
The made-up rumor

I'm thirsty for your heaven-like love  
Look into my two eyes and trust me, don't say goodbye  
Your words are rumors, rumors about me  
The interesting rumor, the made-up rumor
