The light of the lighthouse  
On the opposite shore  
Is now hazy in the fog  
And can't reach here anymore

I don't even know  
Which side I'm facing anymore  
So how can I continue  
To move forward?

Knock on hell's door  
To a world without assumptions  
'Cause we need to be changed  
I can't go near you  
Knock on forbidden door  
Beyond the labyrinth  
We're seeking the search light  
I want to be close to you

To the new site...

My shape of life  
Whether it's hell or heaven  
Let's forget my habit of  
Laughing and faking it off

I have noticed  
During the days I've stood still  
I can't contain the thoughts  
Of my own self

Knock on hell's door  
To a world without assumptions  
'Cause we need to be changed  
I can't go near you  
Knock on forbidden door  
Beyond the labyrinth  
We're seeking the search light  
I want to be close to you

To the new site...

Don't go back  
Don't be afraid to  
Accept the  
Changing world  
I'll always find  
The unchanging things  
(And) never lose  
The precious things

Knock on hell's door  
To a world without assumptions  
'Cause we need to be changed  
I can't go near you  
Knock on forbidden door  
Beyond the labyrinth  
We're seeking the search light  
I want to be close to you
