Sun and rain

Woo woo woo

The day you
Endlessly shined
Your fingertips were colored
We clearly entered each other
I remember the ringing of emotions

I'll hold you warmly in my arms
Like the spring sunlight (I do)

We're probably sun and rain
Always by my side
To hold me when I'm tired
To melt me, I only need you
Still the same
You and me, sun and rain

One day
If your heart
Coldly hardens and leave
I'll fall down without a word

Let's lean on each other and rest

As we look at the falling rain (I do)

We're probably sun and rain
Always by my side
To hold me when I'm tired
To melt me, I only need you
Still the same
You and me, sun and rain

Woo
You and me, sun and rain
Woo
You and me, sun and rain

Sun and rain
Always by your side
Dazzling mornings, exhausted nights
Let's be together
Still the same
You and me, sun and rain

Always
Sun and rain
