It's the same case everyday
A place that produces an endless amount of deaths
Did compassion disappear from this land?

I won't see it anymore, I won't
Hear of the crashing reality
Don't calculate everything by its worth
People are an important existence

Tears of blood are falling again because of our dulled hearts
What will motivate me now?
Like the things that once filled our world with beauty
The dreams we had for the future died

No one can take it
There are no more tears to shed
I can't take pain that is
Penetrating deeply into my bones

You! got the power
You have the power to make things right
Don't waste
And light the talks that concern humanity

I don't know, why I hate this moment
Please aren't saying that it's boring
Why you tell me lies...?

Tears of blood are falling again because of our dulled hearts
What will motivate me now?
Like the things that once filled our world with beauty
The dreams we had for the future died

Look into the eyes of the ones you love
Don't you see their happiness?

Tell me that this world
Is full of valuable things

What do I do? I'm standing silently
Amongst the things that people have thrown away

What do I do? I'm diseased
But I can't bear to just stand here and watch this happen

Someday, one day
Next to the problems you have thrown away
I was left behind and you were left behind
Don't observe other's pain with joy
It will become a boomerang
One flow, we want the flow
We got the flow, we want the flow

I got the flow, show
Now I'm growling on earth
What do you want to show us?
It's so funny, I say no

We don't want it anymore
I believe that you can change it, even in the darkness
All the way to the end of sword

No one can take it
There are no more tears to shed
I can't take pain that is
Penetrating deeply into my bones

Show us the pain of your broken hearts
So that I can help you, show me the road
Like the things that fill this world with beauty
We have to make it so we will treasure this place
