You say you've got no interest in efforts or passion
And that you don't want reckless dreams or pride
Oh why not? too young to die yah yah yah
Oh come on! no day but today yah yah yah

No more setbacks, no more denial
So what if the only thing you lack is courage?
No more expectations, no more hate
In a sick era, grab a gun

Who am I holding at gunpoint? who is it?
Hand on the trigger
Hand on the trigger
Hand on the trigger yah yah yah yah
Squeeze a life worth living into bystanders, no way out!

You don't believe that you'll be rewarded one day
You say things like everlasting love are impossible
Oh why not? too young to die yah yah yah
Oh come on! no day but today yah yah yah

There's no such thing as average trouble
So what if you think staying safe isn't so bad?
What's 'going beyond'? what's 'shining'?
In a future without hope, grab a gun

Who am I holding at gunpoint? who is it?
Hand on the trigger
Hand on the trigger
Hand on the trigger yah yah yah yah
Squeeze a life worth living into bystanders, no way out!
Hand on the trigger

The present moment that's priceless and that won't repeat again
So what if you're living it in vain?
Don't say anything, don't open your eyes
Before regrets come, grab a gun

Who am I holding at gunpoint? who is it?
