Baby girl, ㅁㅁ ㅁㅁ ㅁㅁㅁㅁ oh...

Girl, don't listen to what they say
They can't stand to see together
Come on, listen

Baby girl, you are my lucky one
Out of all the many people
You and I are the most similar to each other

But everyone wants us to break up
Oh, if this is realty
Then don't believe in destiny

Whatever they say, don't listen girl
All they're doing is being envious of us, oh why
I just hope you will believe
In whatever I tell you
Whatever they say, I don't care
I love you
I can't lose you, its so hard

Baby, I don't know what to say
I just have to tell you that my heart will never change

People just want us
To compromise with the world
If that will make me lose you
Then I will go against the world

Whatever they say, don't listen girl
All they're doing is being envious of us
I just hope you will believe
In whatever I tell you
Whatever they say, I don't care
I love you
I can't lose you, its so hard

I wanted to let you go just for your benefit
But the love and trust you've shown me
Gives me courage

Whatever they say, don't listen girl
All they're doing is being envious of us
I just hope you will believe
In whatever I tell you
Whatever they say, I don't care
I love you

I can't lose you
Oh no, don't leave

Whatever they say, don't listen girl
All they're doing is being envious of us
They are different from us
So they will never understand us
Whatever they say, I don't care
I love you

I can't lose you
Baby girl, you are my lucky one
