How about you? Kanjitai yo baby
What can I do? Koeru shika nai

For be alive kanaeru tame ni miru yume one world

I gotta
chance I get up
paradise
destiny

To realize
For be alive one world

Break the rule
Make a move

I'm gonna
Only you
paradise
Baby listen to my heart destiny

way to Zion

I gotta
chance I get up
paradise
I'm gonna
Only you
paradise
Baby listen to my heart destiny

I wanna do, to the world that was correctly opposite
Aim true, aiming to the fever inside this body, feel so good
The same scene that was wished for spreads out
Oh everybody come with me

From the place we struggled to get to it starts again
It's ok to have a desire that never ends

How about you? I want to feel it
What can I do? There's no choice but to cross over

I gotta open this door
This chance, now I get up
There certainly exists a paradise
I am going to lead you in an instant to the destiny

To realize, I've waited for this moment
For be alive, I see the dream of one world so I can grant the wish
Towards the distant future that I continue to forever
Before, I watch it

I want to get to the point where I can say it's unreasonable
Until I reach the radiance no one else could see

Break the rule, if you want to do this likeable thing
Make a move, throw off everything

I'm gonna lead into tomorrow

Only you, this love
Calls out to the heart, paradise
Baby, listen to my heart, before we go to the destiny

In the this beyond, just like this impulse
The day will appear above the ground, way to Zion
Even through the inaccessible places, even if we are wounded
We will certainly meet by chance on our road

I gotta open this door
This chance, now I get up
There certainly exists a paradise
I am going to lead you in an instant
I'm gonna lead into tomorrow
Only you, this love
Calls out to the heart, paradise
Baby, listen to my heart, before we go to the destiny
