

Interlude: All I See Is You

Tweet

I don't mean to be cocky with it
But I'm confident
Certain that you wouldn't be here
If I didn't want you to be
You'll be the first to know (know)
Ooh, yeah (you'll know)
'Cause I get tired of hearing
"Do I love you?"
Being insecure and all that's not attractive
'Cause I love ya, yeah
That's really all you need to know
I'll never leave
