

Magic

There goes my heart again
Joyful and how we've made a great connection
That's for sure
I know that's it, I got u boy
All I see is sunshine, you make this girl blush

It must be magic (It must be)
Cause what you do to me I can't understand it

There goes, there goes my heart again
Wonderful
I say you are the best thing since ice cream
I made my wish, I got you boy
And all I see is starlight
You make this girl rush

It must be magic (It must be)
Cause what you do to me I can't understand it

The love you give, said it's so outstanding
My heart's steady beating for ya
And I'm enchanted and it
I'm smitten with
How all this is happening
My heart is telling me this love is so right

It must be magic (It must be)
Cause what you do to me I can't understand it
