

## Perspective

Tweet

It's your decision  
But it's up to you  
It's your perspective  
So what you gonna do?  
You've got the power  
To see who win or loses  
It's a reflection  
It comes back to you

Some days it's sunshine  
Some days it's rain  
Some day this [?]  
Some day this gonna change  
Some see it half empty  
Some see it half full  
It's a matter of perspective  
Bad or good

It's your decision  
But it's up to you  
It's your perspective  
So what you gonna do?  
You've got the power  
To see who win or loses  
It's a reflection  
It comes back to you

Some say it could be better  
Some say it could be worse  
Some say it's a blessing  
Some say it's a curse  
Some say life is hopeless  
Some say it's worthwhile  
But it's a matter of perspective  
Cry or smile

It's your decision  
But it's up to you  
It's your perspective  
So what you gonna do?  
You've got the power  
To see who win or loses  
It's a reflection  
It comes back to you

Can you see the silver lining  
So even when it rains, the sun is shining  
Can you see the silver lining  
Even when it rains, the sun is shining

Can you see the silver lining  
Even when it rains, the sun is shining  
Can you see the silver lining  
Even when it rains, the sun is shining

Some see the progress  
Some see the struggle

Some see the triumph  
Some see the trouble  
A failed relationship  
Is what it means to some  
A teachable moment yeah  
For another one

It's your decision  
But it's up to you  
It's your perspective  
So what you gonna do?  
You've got the power  
To see who win or loses  
It's a reflection  
It comes back to you

It's your decision  
But it's up to you  
It's your perspective  
So what you gonna do?  
You've got the power  
To see who win or loses  
It's a reflection  
It comes back to you
