

The Hardest Thing

Tweet

I'm tired of disappointments (ooh)
Wanna leave them all behind me (ooh)
Move forward without regrets (ooh)
But I didn't know how hard all of this would be (ooh)
You can't be so hard yeah
You can't be so hard oh
You can't be so hard oh
What can feel like
The best for you
In turn can be the reason you're going through
It's the hardest thing

Ooh, yeah, yeah (yeah)

What can feel like the best for you
In turn can be the reason you're going through
It's the hardest thing to give up
The hardest thing to give up
The hardest thing

At times we stay to try again
Unhappy with the choice, in us settling
It's the hardest thing to give up
The hardest thing to give up
The hardest thing
But you gotta let it go
Let it go, let it go
Let it go, let it go
Let it go (go)

Began to think you're satisfied
But you halfway get what you need
I call it pacified
It's the hardest thing to give up
The hardest thing to give up
The hardest thing

It may seem like (a gift)
But really you so worsened
In your heart it tricked (oh)
It's the hardest thing to give up
The hardest thing to give up
The hardest thing
But you gotta let it go
Let it go, let it go
Let it go, let it go
Let it go (go)

They say it's fine, okay today (ooh)
Tomorrow overwhelmed with the pain of yesterday (yeah)
It's the hardest thing to give up
The hardest thing to give up
The hardest thing yeah

You're on your feet there the mount
Don't take yourself back there
You'll only allow it to be

The hardest thing to give up (only allow it to be)
The hardest thing to give up (only allow it to be)
The hardest thing
But you gotta let it go (let it go)
Let it go (you ought to let it go)
Let it go (let it go)
Let it go (ooh)
Let it go (ah yeah)
Let it go (let it go)
Let it go (ooh)
Let it go (let it go)
Let it go (let it go)

Yeah, yeah, yeah, yeah
You wanna let it go
Whatever it is
Whatever it is
You oughta let it go
Yeah
You wanna let it go
Only it allow it to be the (go)
Only it allow it to be the (go)
Only it allow it to be the (go)
(Go, go, go, go)
Yeah, yeah, yeah, yeah
