

Invincible

Twelve Foot Ninja

Invincible!

Invincible!

This isn't happening,
(This isn't happening),
This isn't happening,
(This isn't happening),
Is this just cause and effect?
(I'm invincible),
Cause and effect,
(I'm invincible),
Cause and effect.

Did not expect to lose,
I never thought I'd find wisdom
In being a fool

All the highs,
And the lows,
Watch me fly,
Watch me fall,
Pull me down,
Pick me up,
Will it ever be enough?
All the highs,
And the lows,

Watch me fly,
Watch me fall,
Pull me down,
Pick me up,
I convinced myself that I was
Invincible.

My day of reckoning,
(This isn't happening),
It's my day of reckoning,
(This isn't happening),
It gives me pause to reflect,
(I'm invincible),
A cause to reflect,
(I'm invincible),
Cause to reflect.

I fought a mountain,
And believed that I had won,
When I reached the top,
There was another mountain,
Blocking the sun.
