

# Vengeance

Twelve Foot Ninja

I can hear the neon lights  
I can taste the sweat and dirt  
I am shackled to this bed  
Burned out like a cigarette  
I can hear the locking door  
You've thrown me to the wolves  
The taste of blood is on their breath  
And in the air

I dream of...  
Vengeance  
Vengeance

I'll watch you burn  
(I'll watch you burn)  
I'll bring you hell  
(I'll bring you hell)  
Hate is the dirt that I'll bury you with (Hate is the dirt)  
From the grave that I dig for myself

You watch me like an animal  
Flesh and bones, I am the prey  
And I've dreamed you've died a thousand times  
In this bed you made

I dream of...  
Vengeance

I'll watch you burn  
(I'll watch you burn)  
I'll bring you hell  
(I'll bring you hell)  
Hate is the dirt that I'll bury you with (Hate is the dirt)  
From the grave that I dig for myself

I'm an apparition, a ghost  
You're not gonna take me alive  
I'm an insurrection, a ghost  
You're not gonna take me alive

I'll watch you burn  
(I'll watch you burn)  
I'll bring you hell  
(I'll bring you hell)  
Hate is the dirt that I'll bury you with (Hate is the dirt)  
From the grave that I dig for myself
