

# At The Risk Of Feeling Dumb

Twenty One Pilots

I don't want anyone, know me or not  
See me at my lowest, you don't have to drop, drop, drop  
Don't have to drop by, nothing you can do this time  
I don't want anyone, know me or not  
See me at my lowest, you don't have to drop  
Drop, drop, drop anything for me  
Just keep your plans, I hope that you never have to drop

Used to be you and me, matching Kawasaki Zs  
Ride around 270 in Kawasaki tees  
Two fighter jets matching energy  
Trying to forget that we're in ejection seats

So please keep it in mind  
Check on your friends  
Every once in a while  
Even if they say

I don't want anyone, know me or not  
See me at my lowest, you don't have to drop, drop, drop  
Don't have to drop by, nothing you can do this time  
I don't want anyone, know me or not  
See me at my lowest, you don't have to drop  
Drop, drop, drop anything for me  
Just keep your plans, I hope that you never have to drop

At the risk of feeling dumb, check in  
It's not worth the risk of losing a friend  
Even if they say  
"Just keep your plans, I hope that you never have to drop"

If I'm being real, man, don't know how I feel, man  
'Bout you sleeping so close to a weapon you conceal, man  
Those night terrors are not something to take lightly  
I know that it's a risk saying this, don't fight me  
(Stopping me, fight me  
Stopping me, fight me  
Stopping me, fight me)

I don't want anyone, know me or not  
See me at my lowest, you don't have to drop, drop, drop me  
Don't have to drop by, nothing you can do this time  
I don't want anyone, know me or not  
See me at my lowest, you don't have to drop  
(Drop me, drop, drop me, drop)  
Anything for me  
Just keep your plans, I hope that you never have to drop

At the risk of feeling dumb, check in  
It's not worth the risk of losing a friend  
Even if they say  
"Just keep your plans, I hope that you never have to drop"

I don't want anyone, know me or not  
See me at my lowest, you don't have to drop  
Drop, drop, drop, anything for me
