

# Drum Show

## Twenty One Pilots

Putting on a drum show  
(Ooh)

Completed checklist for today  
Now they have to let you out of your cage  
Feeling stuck between a rock and a home  
Two places you do not want to go, so, so

He's putting on a drum show  
Even now, even now, even now  
He'll take the longer way home  
Even now, even now, even now  
He'll never, ever say so  
He drives fast just to feel it, feel it  
He drives slow if his song's not over  
Drown it out, drown it out

Show  
(Ooh)

He'd rather feel something than nothing at all  
So he swerves all around as his head starts to fall  
Turns it up  
Stuck between a rock and a home  
Two places he does not want to go, so, so

He's putting on a drum show  
Even now, even now, even now  
He'll take the longer way home  
Even now, even now, even now  
He'll never, ever say so  
He drives fast just to feel it, feel it  
He drives slow if his song's not over  
Drown it out, drown it out

I've been this way  
I want to change  
I've been this way  
I want to change!

He's putting on a drum show  
Even now, even now, even now  
He'll take the longer way home  
Even now, even now, even now  
He'll never, ever say so  
He drives fast just to feel it, feel it  
He drives slow if his song's not over  
Drown it out, drown it out

I've been this way  
I want to change  
I've been this way  
I want to...
