Twenty One Pilots

Raw fear  
Raw fear

Raw fear moves me, sounds of empty Uzis  
Life is just forever nipping heels, never slowing down  
Raw fear moves me, sounds of empty Uzis  
Life is just forever gripping feels, never slowing down

You know what scares me?  
Nah, it's stupid  
You've met my fears, they're all regulars  
Wait, who's the new kid?  
You know what kills me?  
Not getting stronger  
And now I can't seem to sit still any longer

Raw fear moves me, sounds of empty Uzis  
Life is just forever nipping heels, never slowing down  
Raw fear moves me, sounds of empty Uzis  
Life is just forever gripping feels, never slowing down  
(I can't seem to sit still any longer)  
Raw fear moves me, sounds of empty Uzis  
Life is just forever gripping feels, never slowing down

Never slowing down  
Never slowing down  
Never slowing down  
Never slowing down  
Never slowing down  
Never slowing down  
Learning all that really matters is a slow and painful lesson (Never slowing down, never slowing down)  
It is not pass or fail but a poisonous progression (Never slowing down, never slowing down)  
Try to micro-dose to immunity but you'll never, ever get it (Never slowing down, never slowing down)  
And I go, ah, ah, ah (Never slowing down)  
"What's the matter?" isn't helping (Never slowing down)  
You go, ooh, ooh, ooh (Never slowing down)  
I wish her parents would stop yelling (Never slowing down)  
I could build a tower with the times I was pretending (Never slowing down)  
Try to micro-dose to immunity but I'll never see the ending (Never slowing down)  
And I go, ah, ah, ah (Never slowing down)  
"What's the matter?" isn't helping (Never slowing down)  
You go, ooh, ooh, ooh (Never slowing down)  
I wish her parents would stop yelling  
You know what scares me? (Ah, ah, ah)  
Nah, it's stupid  
You go, ooh, ooh, ooh  
Wait, who's the new kid?  
And you go, ah, ah, ah  
Not getting stronger  
And now I can't seem to sit still any longer
