

# The Contract

## Twenty One Pilots

I check the doors, check the windows and pull the blinds  
I check the clock, wondering what he'll pull this time  
I have a feeling that necromancer's outside  
And I'm just tryin' to stay quiet

I don't sleep much, that's crazy, how'd you know that?  
Keep myself up, that's maybe how you know that  
Ooh, promises and contracts I used to keep  
I don't sleep much, that's crazy, how'd you know that?  
Keep myself up, that's maybe how you know that  
Ooh, my hallucination I used to see

Wake up and I find out, did a change up  
Wait, did it change up?  
Is it light out yet? Better find out, bet  
I'ma walk around the edge of the room and the bed  
Where I hide my face, pace around  
Better try to breathe, pace around, pace around

I check the doors, check the windows, and pull the blinds  
I check the clock, wondering what he'll pull this time  
I have a feeling that necromancer's outside  
And I'm just tryin' to stay quiet

I don't sleep much, that's crazy, how'd you know that?  
Keep myself up, that's maybe how you know that  
Ooh, promises and contracts I used to keep  
I don't sleep much, that's crazy, how'd you know that?  
Keep myself up, that's maybe how you know that  
Ooh, my hallucination I used to see

I used to see  
Sleep, I found

I wanna get out there (Ooh-ooh)  
But I don't try (Ooh-ooh)  
I wanna get out there (Ooh-ooh)  
But I don't try (Ooh-ooh)

I check the clock, wondering what he'll pull this time  
I have a feeling that necromancer's outside  
And I'm just tryin' to stay quiet

I don't sleep much, that's crazy, how'd you know that?  
I keep myself up, that's maybe how you know that  
Ooh, promises and contracts I used to keep  
I don't sleep much, that's crazy, how'd you know that?  
Keep myself up, that's maybe how you know that  
Ooh, my hallucination I used to see

I used to see  
I used to see  
Ooh, my hallucination I used to see

I used to see, it felt so real  
But now I plead, just take the deal  
I promised you a contract

I promised you a contract
