

## 2 Minute Warning

Twenty88

We been together  
Over and over again  
And the feeling's the same  
Can't stay too far  
Too far apart  
Even if it's just a mile away

It's a two-minute warning  
And I know that you want me  
It's a two-minute warning  
And I know that you're horny  
It's a two-minute warning  
And I know that you want me  
It's a two-minute warning  
And I know that you're horny  
It's a two-minute warning

Yeah, yeah... you

You gonna make me quit what I'm doing  
And fall through with this bottle  
That ain't the only thing you finna swallow  
That ain't the only thing I got popping  
That ain't the only thing that's finna spill quick  
No rubber shit I'm a still hit you  
My main bitch and that's real real real shit  
I'm a treat her like we on vacay, South Beach shit  
Only thing you wearing is sheets sets  
Talking to you like a little freak bitch  
Guess that's our little secret  
When I come through off in my zone  
Not that fucking friend zone  
Only thing I touch is that end zone  
Look I don't care if it's ten phones  
They're off  
Straight up  
You got your legs going way up  
When you hop on top and turn around  
I can't handle it  
I might pass out like a pamphlet  
You got a candle-lit Cinnamon apple the candle scent  
Bed banging like a band in it  
You know I can spend all night and camp in it  
You know I like to tell you what to do  
I micromanage it yeah  
Bed so clean, sheets so clean  
I turn her over and eat the pussy  
'Cause she's so clean  
I'm talking mouth to mouth  
I'm talking cheek to cheek  
I'm talking waist to waist  
I'm talking eye to eye  
We know body language  
We don't need to speak

It's a two-minute warning  
And I know that you want me

It's a two-minute warning  
And I know that you're horny  
It's a two-minute warning

Your time ain't no one else time  
Look, I know you can feel the passion  
I know what you want without asking  
I know you can feel the heat between us  
Close the blinds they don't need to see us  
See I get to see a side of you that they don't see or know  
You a CEO  
You the real, real no GMO  
I'm just tryna water you and see it grow  
We connect on a soul level  
Got you walking all bow-legged  
Don't take it out, whoa, whoa, whoa you know better  
Got video of you stripping down and getting naked  
I throw it down slow it down then speed it faster than the Talladega  
Get ya off, turn ya on yeah I'm the only one that activate ya  
So good girl I couldn't one night stand you know I had to date ya  
I had to, I had to

If you call me I'll come running  
In the daytime I'll come running  
In the evening I'll come running  
The evening  
In the noontime I'll come running

It's a two-minute warning  
And I know that you want me  
I know, yeah  
It's a two-minute warning  
And I know that you're horny  
It's a two-minute warning

Yeah I love how you're rushing  
Ain't no discussion  
Quick to flex your muscle  
Show me the hustle  
Give me that last call  
(Last call)  
That 9th inning  
(9th inning)  
That quick quick that 2 minutes we finish
