

You know I ain't having that shit
(Got you, bitch)
How could you be so selfish
Phone off, careless
You ain't drinking no more that's bullshit
I heard you're taking more shots than a full clip
No call, no text, huh?
That's how you feel when you stressed, huh?
You know I'm from a tribe called questions
I need them answers now like it's test time
Do you realize how many good girls I lost
When I changed the number for you
When I needed that peaceful sleep and still cuddled for you
You ain't even know when times got hard I bent up the budget
I kept it subtle
Might as well put jackets over the puddles for you
You're acting irreplaceable, pfft, hardly
I should've took the warning signs on nights I hit you and you ain't get back to me
The morning time, you got me on the borderline
I used to want to put the work in now I feel like overtime

When I hit you late night, texting
Phone off, no stressing
How could you be so selfish, selfish, so selfish?
Phone off, no texting
No pics, no calls, no sexting
How could you be so selfish, selfish, so selfish?
I can't help it
I can't help it
I can't help it
I can't help it
So, so selfish

Why would you just play with the one
Who been there with you when no one would come
Can't believe I stayed faithful
To somebody so ungrateful
Don't you know there's a line for my love?
And you be out here lying on us
Ain't that some shit?
Ain't that a bitch?
And you wonder why the past has changed us
Wonder why it ain't the same for us
You keep fuckin' it up, it's all on you
You just made it so hard for you

Late night, texting
Phone off, no stressing
How could you be so selfish, selfish, selfish?
Phone off, texting
No pics, no calls, no sexting
How could you be so selfish, selfish, so selfish?
I can't help it
I can't help it
I can't help it
I can't help it

So, so selfish

Breakdown

I think it's time to break down

Late night, texting

Phone off, stressing

Testing me now

Stressing me out, out, out

How could you be so-
