TWICE

I know our love ain't anything to fight for
But I'll never break out of the cycle
I don't really wanna let you go
Never let go
You don't know me
L-O-V-E or hatred
Hit you with a smile, not goodbye
All the while I'll be sure to
Leave you wonderin' (Oh)

On the outside I'll be all calm
Baby, no more real love
I'mma pretend we're going strong
Then at the end, break your heart
Bad boy, bad boy
Yeah, you really make me
A mad girl, mad girl
Woah-oh-oh

I want you to cry, cry for me
The way I cried for you
Baby, cry for me
Make your rain fall
Cry for me but again

Somehow you keep me
Goin' round and round
All the walls I built around me
Come crashin' down
Makin' excuses, gotta drown 'em out
I want you to, I want you to
I want you to cry for me

(Umm, ya) I don't know if I'm just
In too deep and I'm confused
All my friends hate your guts
But I'm still defending you (Ya-ya, Ya-ya)
I can't seem to cut you loose (Ya-ya, Ya-ya)
Umm, yeah
Ooh, don't know how you
Keep on laughin' everyday
Just a single tear from you I'd be okay
Ooh
Cry for me
Let me please forgive you (Oh)

On the outside I'll be all calm
Baby, just like real love
Tellin' myself we're going strong
If it's the end, break your heart
Bad boy, bad boy
Yeah, you really make me
A sad girl, sad girl
Woah-oh-oh

I want you to cry, cry for me (Me)
The way I cried for you

Baby, cry for me (Oh)
Make your rain fall, cry for me (Me, yeah)
But again

Somehow you keep me
Goin' round and round (Oh)
All the walls I built around me
Come crashin' down (Oh)
Makin' excuses, gotta drown 'em out
I want you to, I want you to
I want you to cry for me

If love is a game
Don't want to play
You poison my veins
Then take it all away
I'm chasin' that taste (Oh)
I want your kiss, yeah, yeah, yeah (Oh)

I want you to cry, cry for me
Can you at least pretend?
Baby, cry for me
Make your rain fall
Fall and fall now, yeah

I want you to cry, cry for me (Me)
The way I cried for you
Baby, cry for me (Cry for me)
Make your rain fall, cry for me (Me)
But again

Somehow you keep me
Goin' round and round
All the walls I built around me
Come crashin' down (down)
Makin' excuses, gotta drown 'em out (Drown 'em out)
I want you to, I want you to
I want you to
Die for me
