

ATM

TWICE

All the way up, no one does it like we do
All in my bag, throw it in the back
On top, we the best, don't stop
Keep it comin' with that lovin'

They all love that I'm classy, they all love what I do
Friends in every country, numbers off the roof
You'll be good for a good life if I'm next to you
We go another round 'cause they can't get enough

Comin' back for more-ore-ore
Addicted To Me, yeah, ATM
Flawless when we glow-ow-ow
Shine like All That Marquee, ATM
I've been keepin' my eye-eye-eyes on you
Know you got eye-eyes on me too
I got, I got all the moves
Midas touch, got you coming back for more-ore-ore
Addicted To Me, yeah, ATM, yeah

24/7 I'm up after midnight
I go crazy, don't be lazy, I'm your 9 to 5
I ain't basic, I'ma ace it while I'm looking like a dime
Got 'em going crazy, ah, ah
I do it like it's a hobby, yeah
Lovin' so golden, yeah, diamond devotion, yeah
You're on your knees 'cause you're wanting more
You're wanting more of this sass
Put down haters, put 'em on blast
Bring that drama, blowin' up chats
No cap, all facts, no

They all love that I'm classy, they all love what I do
Friends in every country, numbers off the roof
You'll be good for a good life if I'm next to you
We go another round 'cause they can't get enough

Comin' back for more-ore-ore
Addicted To Me, ATM
Flawless when we glow-ow-ow
Shine like All That Marquee, ATM
I've been keepin' my eye-eye-eyes on you
Know you got eye-eyes on me too
I got, I got all the moves
Midas touch, got you coming back for more-ore-ore
Addicted To Me, ATM (To me, to me)

Make you wanna
Lock it down and keep it yourself
Focus all on me
I'll make you lose your mind, yeah
I'll be the one you can't forget
If you give me everything you know (Everything you know)
I'll make sure to hold you real close
'Cause what we got could be the best
So if you love me, you can bet I
Got you with that good life

Make you want it more-ore-ore
Addicted To Me, ATM
Flawless when we glow-ow-ow
Shine like All That Marquee, ATM
I've been keepin' my eye-eye-eyes on you
Know you got eye-eyes on me too
I got, I got all the moves
Midas touch, got you coming back for more-ore-ore
Addicted To Me, ATM, yeah

You do
Coming back for more
Me
